| <b>Product/Service Involved</b> | TrailBlazer 3-Person Camping Tent |

## Complaint Description

The tent I ordered (Order #TB-77410) arrived with a broken zipper on the main entrance and two bent tent poles. This is the second replacement unit I have received with defects. I am extremely frustrated as I needed this for a camping trip that has now been delayed twice.

## Resolution Provided

Given this is the second defective unit, the case was escalated to the Senior Support team. A full refund of \$189.99 was issued rather than a third replacement, along with a \$25 store credit for the inconvenience. The customer was asked to confirm receipt of the refund within 5-7 business days.
